SOVIET

WORLD ATLAS

in English

$76.50

With Concise Index-Gazetteer by V. G. Telberg

250 20 × 13" plates detailing relief, hydrography, communications, physical and political characteristics of the whole world as well as individual countries, special regions, oceans etc.

Fine line, extreme detail, generous legend (both English and Russian editions to be available).

Many years in preparation by probably world's largest map-making complex, the Chief Administration of Cartography and Geodesy of USSR, now making debut in English.
